Look out! Look out! Nuclear  
Look out! If anything goes awry  
Look out! Look out! Fukushima  
Look out! Look out! They've really screwed up

Radiation is strong, Radiation is powerful,  
it doesn't discriminate, and you can't beat it  
Radiation is strong, Radiation is powerful,  
it doesn't discriminate, and you can't beat it

Just one accident will cause total panic,  
like the Titanic just before it sank  
Chernobyl is now a ghost town,  
innocent kids with thyroid cancer  
Hello, so you're the famous Plutonium!  
The myth of 'safety' died at Fukushima  
No more farm produce...  
how far will the contamination go,  
and for how long?

Radiation is strong, Radiation is powerful ...

Even if you're: Gaddafi, Obama, Sarkozy,  
Berlusconi, Hirose Takashi (anti-nuclear journalist),  
Rankin' Taxi (composer of this song) the Prime  
Minister, Hanshin Kyojin (comedy duo), the pro-  
nuclear and anti-nuclear camps, Tokyo Electric and  
Kansai Electric and all the other electric power  
companies, Men, women, children, adults, Asahi  
(newspaper) Bunshun (magazine), Ebisu and Kirin  
(beer), White people, black people, Seiyu and Daiei  
(rival supermarkets), Toyota and Nissan (cars), Iraq  
and Iran

Radiation is strong, Radiation is powerful ...

Nuclear power –  
safe even with a leak of the primary cooling water!  
Nuclear power –  
preserving world peace 24 hours a day!  
A populace that will forgive anything short of a  
catastrophe  
Idiotic slip-ups that occur even with vigilance  
Well orchestrated PR campaigns,  
a subliminally transmitted innocuous image  
Big money buying full-page newspaper ads  
Everyone's taken in till the wind starts blowing

Radiation is strong, Radiation is powerful ...

Even if you're: Beyonce, Bae Yong Joon (Korean  
actor), the Alien, Ampan-man (cartoon  
character), Ultra Seven (superhero), crisis level  
7, Dub Ainu Band, green island, Soft Bank (mobile  
phone company), hard punk, Matsumoto Kiyoshi  
(pharmacy chain), Matsumoto Hitoshi  
(comedian), Zack (Alberto Zaccheroni – Japan  
national football coach) and Mac Godzilla, Mothra,  
police and thieves, bosses and leaders, Michael  
(Jackson) and geiko (student and fully-fledged  
geisha), Tamori and Takeshi (comedians), Matsuya

and Sukiya (fast food chains), Takata (online  
shopping network) and Starbucks

Radiation is strong, Radiation is powerful ...

Die from a dose of radiation? No way!  
Did you say an unstoppable leak? No way!  
Do I want to be an object of hate for unborn  
children? No way!  
Do I want to lead a life of unhealthy luxury?  
No way!  
Can radiation deepen love?  
Can radiation make us wiser?  
Can radiation stop wars?  
Can radiation bring a smile?

Radiation is strong, Radiation is powerful ...

Can't see it, can't smell it, can't run from it  
Can't see it, can't smell it, can't run from it  
Can't see it, can't smell it, can't run from it  
Can't run, Can't run, Can't run, Can't run, nuclear!  
Can't run, Can't run, Can't run, Can't run,  
if there's a screw-up  
Can't run, Can't run, Can't run, Can't run, nuclear!  
Can't run, Can't run, Can't run, Can't run,  
if there's a screw-up

It's safe! It's safe! It's safe! It's safe! Nuclear!  
It's safe! It's safe! It's safe! It's safe!  
until there's a screw-up  
It's safe! It's safe! It's safe! It's safe! Nuclear!  
It's safe! It's safe! It's safe!  
until it's not, until it's not, until it's not, until it's not,  
Stupid!
